“ *You don't know me, but we share a common bond. Years ago we lost our precious full term baby. He was named Brian Thomas and we were so excited to bring him home. However, we know the heartache of leaving the hospital without our baby in a car seat. We just wanted you to know that you are not alone in this journey. That we feel and understand your pain. I pray that you are believers of God because that was the beautiful peace that sustained us. We have a little investment in heaven that nothing or no one can take away. We will hold our precious baby one sweet day!! And you can hold yours also!! In the meantime know that your little one is safe in the arms of Jesus forever more!! We are praying daily for you!!*
