*My dear friend, Fayette,*

*I am so very, very sorry that your sweet mother, Mrs. Watts, passed. I know how much you loved her, and I know it leaves a void in your heart that can never be filled. Only love and time can heal a broken heart; and I know that your heart and your whole world has been broken and torn apart! But you have your sweet mother's undying love, and it will you get through this dark time in your life!! And you have the love of your dear friends, James, Sheila and myself who will stand by you, and pray for you and help you to make it through this most difficult time in all of your life!*

*I love you always.*

*Your friend always, Clarence*
