“ Glynda, Words can't express how very sorry I am for your loss. I know how very deeply you love both your girls. I felt like I knew them even though I never met them. You shared them with me on our walks at TBE and while working together. God really blessed me with your friendship. I love you and will be praying for you and your entire family as I know you all are so very close. Due to Covid I don't go where there may be crowds now. But my thoughts and prayers are with you all.
