“ Just found out. My sympathies to the family. I worked with Bryan several years ago at the Chevrolet dealership. He was a good tech and great person to be around.

“ Bryan was someone I called a friend. He ordered parts from not because we were the cheapest but because of the relationship we built. I'm sorry I wasn't at your funeral; I was just made aware of your passing. I'll cherish the memories we had eating lunch together with your crew! Rest easy, friend. - J

“ *I met Bryan 43 years ago. He had the blessing of being part of a loving family that expressed that love. I am confident he felt that same love his entire life.*
