“ *Smith Family,  
We too will miss "Curtis", our Bring It On Big Boy - our nickname for him at times but thanks for allowing us to be such close friends and have all the good memories and good times over the past 30+ years. We are here for you now and forever. See you again Thursday evening.

“ *Pop I don't know what I'm going do without you... You have always been the fixer, tinkerer, project manager, of our family. The strong one in the storm. You taught me to be strong, not to take anything from anyone... everyone puts their pants on one leg at a time just like you do! It has helped me be the voice of others on many occasions... We could talk about cars, guys thought that was always cool, NASCAR, shooting, police stuff, dog training stuff, family, friends, bar b que, the Masons, the Shrine, your hearse, or any project you were tinkering with. I wasn't a boy but you never once didn't show me how to fix something or do something for myself. You can't drive until you can parallel park this dually between two poles... and I did it. I always knew you we're proud of me.. I'm glad our relationship became what it was .. I love you with all my heart.. I know you will be watching over us going forward .. just wish I could have had one more day...*
