“ I was so very saddened by the news of Tommy's passing. My heart breaks for sweet Georgia, her family and his two daughters. Never a good time to say goodbye, but Tommy was taken way too young. My heartfelt condolences on your huge loss and may God hold you all tight as you go thru today and all the days to come.

“ I worked with Tommy at BASF. In the 10 or so years that we worked together, he was the kindest most peaceful person. He never got excited about anything. I liked that about him. The thing that I'll never forget is our discussions on his love for Dale's Sauce. Being from another state, he introduced it to me. He encouraged me to try it on everything. And I did. I do! There will be a hole in our plant with him not there. The sad times will be when we expect to see him turning the corner in the usual places and we don't see his smile. Great guy! -Karl Pittard
