“ I know it has been a long time since we have seen one another, but I love you as much now as I always have. I can still see you fussing and pointing your finger at me and Sandee after we had got into trouble. You always got us out of trouble and always had our back. I don't think we would have survived high school in one piece if not for you. I will always remember you as you were then. I love you and I hope you have found the peace you deserve. Till we meet again , Diane.

“ I can't believe you are gone. My heart feels like it will break. It is hard to even think about you right now. I can't without crying. You were my first friend in this world. You remain "always in my heart" I love you my sweet sister! Sandra & Thomas

“ To my beautiful sister - I miss you so much...I learned so much about you and from you the last couple of years - God is good and I'm so grateful. I remember a song from when we were so much younger (1973 - you and Sandee and I were still just babies), it's played in my mind over and over the last few days - it's sad for now, but God willing we will have our seasons in the sun again, in a much better place! I miss you Deb, I love you big as the sky, to the moon and back, around and around the stars a few times - forever and always...

"We had joy we had fun we had season's in the sun but the stars we could reach were just star fish on the beach. We had joy we had fun we had season's in the sun, but the wine and the song like the season's have all gone..." (Season's in the Sun, Terry Jacks, 1973)
