“ If I were asked to describe Ms. Gwen with one word, it would be "encourager". She had this wonderful way of knowing what to say to anyone who was in a crisis and she would usually include a Bible reference that was just right for the situation. This no matter how bad she might be feeling. I had lost a dear friend and spoke to her the night before she passed. I had heard that she had been running a fever that day and she sounded hoarse, but she had wonderful words of comfort to give me and we talked and cried together for a few minutes. Then not wanting to tire her out I let her go. I am so glad we had that last conversation. She was such a blessing to so many people. We, at West Highland, knew whatever we were going through, she was praying for us. My, I miss her already.
