“ There are no words to describe the pain a family feels during a loss. Bernie was a great friend to me over the last 15 years. What started as a business relationship grew to more of a friendship. There was nothing he would not do for me. We have lost a great friend!

“ *Bernie was one of my earliest contacts that I ever dealt with in business. For more than 30 years he and I have worked on joint ventures. I always admired his work ethic and the fact that the customer was always first and did the right thing (even if it meant losing a few dollars). More than that was his home life. I've seen his family grow and mature (he always gave all the credit for anything good that the children did to Lori) and I never talked more than 5 minutes that he wasn't bragging on one of more of them. Of course the thing I will miss the most is his friendship and genuine heart.*

“ *The Redmill Family sends our deepest sympathies to this special family. 13 years ago Bernie hired me right out of College. He became much more than just my Boss. He took the time & interest in me to make sure I matured as both a businessman & a good person.*

He was good at his profession because he truly loved it. He was great at it because he truly loved the people that were involved in all facets of it.

Bernie showed me that Sales is not really Sales if you're doing it right. Your just trying to help someone else succeed. He always loved to help a friend.

I am so grateful that he & Lori allowed us to be a small part of their family. We are better people for having them in our lives.

I couldn't have asked for a better person to work for & with. I am going to miss my boss & mentor. But most of all I'm going to miss my friend.
