“ I got to know Jessi in middle school and freshman year in Bible, Interior Design, Art, and sitting in the hallway before class started. It's hard to describe the amount of joy she brought me those years. We use to share earbuds while walking to class, sit together in the back row of the van to the LAMA house, and share the most wild stories. Looking back, I wish that we didn't grow apart after those years. She deserved the world. My thoughts and prayers are forever with her family ❤️

“ Tim, I just wanted to let you know that we are praying for you and your family during this very unfortunate time, that the Good Lord will provide all that you all will need. I'm thankful that based on some of our many conversations, I detected that you have a very strong christian faith, and I know it along with the support of many family and friends, that you all will continue to press on. So God Bless and please feel free to call upon me if there's anything you remotely think you need me to do okay. Sincerely, Arthur Brackett & Family

“ *We knew Jessica since she was about 3 and was the cutest and sweetest ever. She was growing into a loving and caring young lady following in her mom's footsteps. We so enjoyed her always showing us her drawings and other things which she was so proud of. Even as we moved out of Alabama, we watched and read of her accomplishments. Jessica was and still is a beautiful young lady.*

“ *Tim, Wendy, and Justin, it breaks my heart to think about your loss. Your family is such a blessing to me. When I heard about this yesterday, my mind went back to our Ecuador trip. I remember her anxiousness before we went and the blessing she was while we were there. I was looking at some of those pictures yesterday, and they brought back such wonderful memories. I am so grateful to have been a small part of her life. You have been and will continue to be in my prayers.*

“ Some of my favorite memories of Jessi include when 1) when we lived at the trailer next to the vet clinic and she would come over to ride 4 wheelers and 2) that time her mom (I think) put a HUGE frog in the shower with her and posted it to facebook. She was an amazingly sweet girl and is loved and missed.

“ *To my big sis, you will be missed, remembered and never forgotten. I will live your name up ! We used to laugh and eat hot wings every other day. Your smile was so bright and you were always caring and looking after others. So much more to say but I'll save it!*

“ *When my husband George worked at the clinic, one of his jobs was to pick up Jessie in the afternoon from school, get her to camp or take her to the clinic. Last night he was talking about all the many conversations he had with this sweet young lady, her goals in life, it's so heart breaking that her life was taken way to soon.. I will miss seeing her post on Facebook, sending birthday wishes and congratulations on different accomplishments. Going to the farm watching our favorite team Auburn playing football, riding four wheelers, eating and those funny little talks you have with your friends children. Keeping our dearest Wendy, Tim, Justin and family in our thoughts and prayers. We love you dearly, George and Debbie Malone*
