“ The word "joy" is defined as,  
1) emotion evoked by well being  
2) expression of such emotion  
3) a state of deep, abiding happiness  
4) a source or cause of delight

*I believe that Joy was aptly named. She certainly always made everyone feel welcome and comfortable.*

*She expressed her love for Christ and her love for others in words and in all the selfless acts of service she performed.*

*She was a source of delight to family and friends.*

*What I remember most about Joy is her wonderful sense of humor.*

*She used it to break the ice, to lighten the load, and just to enjoy life. Never too much, but just enough. She helped so many to experience that state of deep abiding happiness. I hope to share it together with her again one day. Till then she will be missed.*

“ I will miss my beautiful sister in Christ. We had so many shared memories of our boys and girls going through UAH together. All the Bible studies, singings and gospel meetings helped shape them into what they are today. Joy’s selfless service and friendship will live on forever. I look forward to seeing her again one day. “ Brent, I'm sorry for your loss. I remember when you and Joy visited my wife after the birth of my 1st child... What I remember is Joy's smile and example of a Christian husband and wife team... Joy was a blessing to me and my family as I know she also touched and blessed the lives of many.

“ *Dear Brent,*

*Our prayers are with you in your loss of a helpmeet, and with Paul, John and Will in your loss of your mother. Joy was aptly named for she was a Joy to be around. Larry and I remember meeting her so long ago when we were members at Westview in Athens before she and Brent married. Then we had the privilege of worshipping with her again some years later when we were at Eastside. She has always been a strong Christian as long as we have known her. She is loved. She will be missed. We look forward to seeing her again in heaven.*
