“ *JT was a very special person. He always smiled and laughed. He was always so friendly. I thought a whole lot of him. He was loved by many and I know that he will be missed by so many people from all over. He was such a dear, sweet man. If any of us can learn anything at all from him, I think that it is to be humble, to be gracious, to be kind, don't judge, to be a friend to everyone, laugh and joke, and you can always make an extraordinary come back no matter what has held you back. Never give up! Of course there is so much more. He always treated the children wonderful. His face always lit up when he was around them. He would treat children that weren't his flesh and blood like they were. He didn't make a difference. I thought so highly of JT( Danny). I'm not sure that there could ever be another person like him. From day one we became friends. I will always treasure that. I loved him a lot. Rest Peacefully JT!❤️ Love you always You have taught many of us well.*
