“ *Not only was Mrs. Cole my high school American History teacher, s he was my friend. I will forever cherish our phone conversations ove r the past two years, and will greatly miss talking to her. One of my memories from her class is taking the map test of the 50 US states and capitals, and you can bet that if I ever have to take that test aga in, I will not forget to “draw in” Alaska and Hawaii. Yes, I scored a 96 on that test some 40 years ago. ❤️😊*
