“ Mark was the kind of person where helping others was just an assumed action. It was reflexive for him. As a young man he was adventurous and fun loving. You could count on Mark participating. We had so many memories growing up together at our parents' and grandparent's houses. There were many family functions where we got to be together playing pool in grandpa's basement with the homemade scoreboard or at their house dirt biking their five acres or working on his Thunderbird. We got in trouble more than once and we did a lot of wild things, but he never did things halfway. From dirt bikes to cars to trucks, he was a great mechanic and, like his dad, was a problem solver. Till I see you on the other side, I'll miss you Cousin.

“ Thoughts and prayers to his family and friends. He was such a good friend. So many good times together. Brilliant, kind, helpful kind of guy. I'm so grateful that he was part of my life. Good memories that I will treasure forever. He loved working on vehicles and taking them for a joy ride.
