“ So many memories of my best friend . We met at Steelcase around 1980. We started working in machine and weld department. Only 2 females in this dept  
So we would take breaks together and became best friends. Welding was hard work, but made so many friends. Johnny Hargroves was supervisor. Phillip Wright, Buddy Dugger, Leslie Woodridge and many more helped us get thur the first months. After that we were friends for life. Sure gonna miss you! See you later 🥹
