“ Brad and Brian. So sorry about Mott. I was a longtime customer of hers from Huntsville. When she went to market, she always had me in mind. She would tell me that her dad would say "why don't you quit selling those old rags". Did not know your dad had died. Was asking someone at breakfast about her. They did not know her. Decided to Google to get phone number and call her. You can see I am so sad to loose my friend. Thinking of you all. Kathy Solomon Isbell (86 myself) 256-509-9927.

“ Brad and Brian. I was a long time shopper with your mother. She shared many memories as you all were growing up. Never will forget her father telling her "Mot I wish you would quit selling those old rags". Sorry I will not be able to come. Lost my husband in February to the Covid 19. Will be praying for you all... Kathy Isbell
