“ I remember when we were working on the Ramchero he had the car jacked up and he pulled one of them out. I told him it wasn't pulled out far enough but he wouldn't listen... he let the ranchero down and CRUNCH! The door got all crammed up on the bottom! Of course I said told you so and he just laughed... Michael and his buddy bought a boat together and he took it home to work on it. After it was just about ready for paint he ask mom and I to go get paint. I asked him multiple times what color and he kept saying he didn't care... so I got the brightest pink "watermelon smoothie" I could find. He laughed so hard when I told him well you said any color. He painted that boat watermelon smoothie shaking his head the whole time. He was a very good man... forever missed never forgotten. I love you mike.

“ Our brother Mike was a very nice man who loved us all and would do anything for us! He was funny and talented in many ways from remodeling cars, building beautiful bedroom sets, remodeling homes he knew how to do it all. He loved fishing and the Seahawks. I will miss our game team player talks and your brotherly advice and moments we shared especially over the last five years. Fly free with your Angel wings brother with mom and dad and our brother Billy and Rocky! I miss you so much already but I'm glad you're at peace now. 🙏

“ My brother was a good man who loved his family and was always there for us whenever we needed him. He came to live in Alabama a year and a half ago to start new adventures with his wife after living in Washington state all of his life. Our family is grieving the loss of Mike but we all know that he is now pain free and is in the arms of our parents and two brothers. Rest in peace my dear brother. I will always love and miss you. Your sister, Vicki
