“ *Mike and I were great friends during and after High School. We went places and did things together, some that we shouldn't and some that just made great memories. Mike was a great friend when i needed a friend the most. In 1980 after suffering a gunshot wound, Mike was the first person other than my mom and dad in the ICU who was standing beside my bed when i was first "coming to" after surgery. Just a few years later circumstances and just life in general took us to different parts of the Country. We only spoke a few times after but there have been many days that a memory has crossed my mind and made me smile. I will miss just knowing hes ok. He stopped by UG White just a month or so ago and talkec to my Daddy, he spent time talking to him about me and my life and well being. It also allowed me to know that he was doing well. I will keep the entire family in my prayers. It is my sincere hope that God surrounds you with his comfort. One thing i know for sure.....the world was a better place and I was truly blessed to have had Michael Maund in my life!

“ I have many happy memories of Mike from high school and college that I will always cherish. I saw how loving and kind and generous he was. He had a quiet tender soul and was a good friend and listener to those he let into his life. He was such a happy person and had a zest for life. With his drive and intelligence and the support of his loving family I knew his future would be bright. In his spare time he loved playing his guitar and was so talented at playing and writing and singing. He had the most beautiful smile and wonderful laugh. Family was very important to him and he loved them very much. My life was blessed for having known him and I know many people can say the same.

I ran into Mike not long ago while in line at Jiffy. We spoke briefly about our lives, trying to catch up. He was excited about a new business venture and seemed happy. I could see the Mike I used to know shining through.

I'm very saddened to know his life was taken too soon. His passing has brought such sorrow and my sympathy goes out to his family. May God bring you peace and comfort.

*My Deepest Sympathies,
