“ I miss you forever and love you always! Nothing compares to the pain of losing you. I will never understand why, I just hope you are watching over me and your nieces and nephews. We all loved you soooo much. You were the best brother I could have ever asked for and im so sorry if i ever made you feel otherwise. Nothing is the same without you here, Bubba! I think about you ebery single day and you have your own spot in my living room and I even put stuff up for holidays, especially Christmas because you always loved to give gifts and eat some good food. "If love could have saved you, you would have lived forever" I love you so much! Save a seat for me and please be waiting on me when I make it up there with you!
