“ I was so blessed to have Momo as my bonus grandma for the past 10 years. I'll never forget my first Thanksgiving at her house 10 years ago when I joined this family. She had so much love to give. She was a great comfort to me when we lost Stacy and now he will be spending Christmas with his grandma again. We will miss all of you that are reunited in Heaven but will see you again when it is our turn. Love you bunches Momo ❤️

“ My sister was a great dancer, when I was little we used to try to tap dance. She made the best chicken and dressing. We loved to sit and talk about old times. I'm going to miss her but she's with all my parents and siblings. R.I.H.
