“ As I consider my 60 years of travel here, Neil was one of the most favorite people in that whole experience. I've known him since I was knee-high to a grasshopper. He was always a gentle giant and loved and helped those around him. I will miss incessantly ribbing him and sharing Tuesday breakfast at the diner. I know HE is feeling sorry for US now and I look forward to seeing him again. God bless Pat and her family as they learn to fill that big void and press onward. We love you all. Billy Hall
