“ *Ricky and I were co-workers at Huntsville Hospital. He was truly one of a kind! After working with Ricky for a while, I began to look forward to our shared shifts when we worked as a team, and later, when Ricky worked as our float person in order that all could have breaks. One of my most special memories of Ricky is that he was a very proud grandfather and often shared new pictures of his little princess with me. She is adorable and had Ricky wrapped around her little finger. I'm a grandmother, so Ricky and I talked about the grandchildren a lot. I always looked forward to seeing the latest pictures and hearing Ricky's latest updates about his little princess. Ricky is sadly missed at the hospital. Heartfelt sympathy and prayers for all his family and friends are being sent. Ma y God bless you all and keep you safely in his tender care and, in time, mend your broken hearts.*

*Sincerely,*
