“ *Mike will be missed by so many. I always enjoyed talking with him and he was incredibly giving of his time when help was needed. I am blessed to have known him and the world is less bright since he has left it. May God comfort his family and may happy memories bring smiles to their faces and hearts.*

“ *My heart sank when Rebecca told me of Mike's passing. I have so many fun memories of Mike and I doing things too crazy to admit today. We always enjoyed racing our motorcycles, driving chopped cars, and hunting with his grandfather. I will always remember Mike and visiting your home. Frank*
