“ *Thank you so much for sharing your sweet Sammie with us for the past several years. For those of us who transported him every week, he was truly a family member and a dear friend that we loved very much. He will be so missed & we will all think of him often. He made our days so much brighter. It is not often that you hope to see a particular patient during your shift, but picking up Mr. Sammie was always a blessing and never a burden. We loved to talk and joke around with him and he always kept us laughing. Thank you again for sharing this special man with us. Please know that he made an impact on more people than you could possibly ever imagine and always talked about his family dearly. I hope he knew how much he meant to us all. Our prayers are with your family during this difficult time.*

“ *The Langner family sends its thoughts and prayers to all of the Bryant Family. We always enjoyed worshipping with your parents and have missed them at Huffman. I was thinking about your Dad this week because I was reading the sequel to the book Pillars of the Earth. Your Dad had told Momma to read Pillars of the Earth years ago and several of us have enjoyed both books based on his recommendation. Our hearts go out to you now and in the days ahead.*

“ *Dan and Scottie Reed express our deepest sympathy to all the family, but happiness for Sammie, for we believe he is now in Paradise with all those gone before us. We enjoyed being in Sammie and Bettie's home in Birmingham and worshipping with them at Huffman. I also enjoyed my visits with him in Athens. He was so easy to know and feel a bond with. We were blessed to know him. We will keep him in our hearts and memories.*
