“ Momma,  
The past 7 months have been some of the hardest of my life.. I've been trying to put into words how I feel for the longest.. I lost myself when you passed.. it was so unexpected.. it was hard to breathe for the longest.  
I hope you know that I was there with you the whole time.. You were always there for me.. I will never forget our card games.. or when we'd clean and put on Foreigner, Whitesnake, Def Leppard, Air Supply, and .38 special.  
I miss you so much.. some days it's hard for me to get outta bed and smile. But I do it for you.  
Pops is up there with you now. I know you've been waiting for him. Tiff and I took care of him momma. Like we promised we would. I know you're watching over me..  
I love you always. ❤️
