“ I don't even know what to say, other than we truly loved Su and her entire family. My mom was very close to Su and they spent many nights taking care of their fish aquariums together. I can still hear them laughing. We will always cherish those times along with all of the other wonderful memories we've made together.

I am so sorry that we lost touch, but please know that we never forgot about any of you, we have always loved you and we always will.

Our thoughts and prayers are with all of you. May God give you strength and comfort today and always.
