“ She was my mentor and my angel, she loved me regardless of what I had done or was going through. I never heard a bad word come out of her about me or anyone. She took my whole life story with her home and I'm quite sure she's watching over me. Sometimes I feel her when making definitely. Tom if you ever need anything or someone to talk to I'll always be here. I loved her with every part of my being. She was my angel on earth now she's an angel in heaven.
