“ *I am so thankful to have so many wonderful memories from the first until the last. Probably the first memory was me peeking around the corner watching you kiss my big sister when you two first started dating and you never knew I was there... nor did you care I'm sure LOL. All the way to one of the last memories of you dictating what you wanted Martha's birthday card from you to say. You're laugh was contagious and infectious and I always looked for things to talk with you about that bring out another one. I will miss you so much and will take good care of your loving wife and my wonderful sister in your absence. Love, Julie*
