“ They always tell people the world won't be the same without a person. That saying is so true about you. It has been crazy not seeing you around, not stopping by to hear your crazy tales and your laughter. I pray for your family often. So much has changed. The world is not the same without you. I remember about every time we ran into each other or every time we all got together. There were good times and there were some very sad times. There was a closeness with us all that I haven't ever found again with another family. I know you're at peace. I know you were sick. I know you had a rough time for a while. That is the only thing that puts my mind at peace. I know you're not suffering. I wish that I could take the pain from those that you left behind. I will always be praying for them. God will see them through. We miss you.
